Appl. No.: 10/550,141
Filing Date: March 13, 2006
Title: SYNCHRONIZATION AND CHANNEL ESTIMATION WITH SUB-NYQUIST
SAMPLING IN ULTRA-WIDEBAND COMMUNICATION SYSTEMS
Attorney Docket: 080466
Pub. No.: US 2006/0193371 A1
Pub. Date: August 31, 2006

This is a decision on the request for a corrected patent application publication under 37 CFR 1.221(b), received on March 31, 2008, for the above-identified application.

The request is DISMISSED.

Applicant requests that the application be republished because the patent application publication contains a material error on the front page of the publication wherein an inventor's name, Martin Vetterli, is missing.

37 CFR 1.221 (b) is applicable "only when the Office makes a material mistake which is apparent from Office records.... Any request for a corrected publication or revised patent application publication other than provided as provided in paragraph (a) of this section must be filed **within two months** from the date of the patent application publication. **This period is not extendable.**" A material mistake must affect the public's ability to appreciate the technical disclosure of the patent application publication, to determine the scope of the patent application publication, or to determine the scope of the provisional rights that an applicant may seek to enforce upon issuance of a patent.¹

The request for corrected publication, received on March 31, 2008, was not timely filed under 37 CFR 1.221(b).

Furthermore, the application is currently under an abandoned status for failure to meet the all the filing requirements.

¹Changes to Implement Eighteen-Month Publication of Patent Applications, 65 FR 57023, 57038 (Sept. 20, 2000), 1239, Off. Gaz. Pat. Office Notices 63, 75 (Oct. 10, 2000) (final rule).

The applicant is advised that a "request for republication of an application previously published" may be filed under 37 CFR 1.221 (a). Such a request for republication "must include a copy of the application compliance with the Office's electronic filing system requirements and be accompanied by the publication fee set forth in § 1.18 (d) and the processing fee set forth in § 1.17 (i)." If the request for republication does not comply with the electronic filing system requirements, the republication will not take place and the publication fee set forth in § 1.18 (d) will be refunded. The processing fee will be retained.

Any request for republication under 37 CFR 1.221(a), must be submitted via the EFS system, as a "Pre-Grant Publication" and questions or request for reconsideration of the decision, should be addressed as follows:
